VENUES

CANADIAN MUSEUM OF NATURE

Located one mile south of Parliament Hill at the end of Metcalfe Street, the Victoria Memorial Museum Building is considered to be the third most important heritage building in Canada, next to the Library of Parliament and Centre Block.

After five years of major renovations and in the year of its 100th anniversary, the Museum will celebrate its Grand Reopening on May 22, 2010. Our event will be held in the impressive 4th Floor Gallery.

HOTEL INDIGO

Enjoy the peace of renewal by staying at Hotel Indigo Ottawa – the colours calm, the rooms renew through nature inspired decor. The hotel will also be our place to rendezvous for guided tours and to connect with friends and colleagues.
