Location: Novotel Toronto Centre (walking distance from
Union Station), 45 The Esplanade, Champagne Ballroom

CONTINUING EDUCATION BREAKFAST SEMINAR: BEING AN EXPERT WITNESS

“Expert evidence plays an important role in the civil justice system, but it can be a minefield for the unwary. Courts are increasingly strict in enforcing the requirement that experts provide unbiased opinion that assists, rather than distorts, the fact finding process. This requirement and the other rules that govern evidence are critical to such evidence serving its intended purpose.” (Stuart Zacharias)

“There can be significant pitfalls in being an Expert Witness, it should not be taken lightly!” The realities and challenges of being an Expert Witness are similar regardless of your particular expertise. Stuart will be able to provide advice to all of our members who may currently be an Expert Witness or those who might be interested in venturing into being one in the future.
