

Position:

Landscape Planning Limited is currently seeking a talented and motivated **Intermediate Landscape Architect / Designer** to join our dedicated team of professionals.

Details:

Our firm is an award-winning team of professionals dedicated to providing innovative landscape architectural solutions for over the past fifty (50) years. Our wide-ranging municipal and private developer portfolio includes a diverse mix of park / sports facility master planning, subdivision, open space/trail planning, residential condominium/mixed-use and commercial/industrial landscapes. As part of the Landscape Planning Limited team, you will play a key role in the development of landscapes that reflect local heritage, community values, environmental enhancement and promote active living. Our studio strives to apply creative and technical skills using scientific, cultural, and political knowledge to create optimal spaces that solve complex problems.

Candidate Qualifications:

The ideal candidate will have a minimum of four (4) years of experience working in a professional office environment and will ideally have strong communication, time management skills and the confidence and motivation to take on new challenges within the office. The ideal candidate will have experience in a variety of design applications. Some experience in construction administration would be considered an asset.

Prerequisite for this position include:

- Post Secondary Education, Degree in Landscape Architecture or Diploma in an applicable field
- Proficiency with AutoCAD, Microsoft Word, Excel, and PowerPoint
- Proficiency with Adobe Suite
- Effective verbal and written communication skills
- Possess and maintain a valid Class "G" Driver's License and have access to a personal vehicle.

Responsibilities:

- Contribute to all phases of the design process
- Collaborate with internal and external teams including clients while working closely with the firm's partners
- Conceptual design development and development of graphic presentation materials
- Detailed Design, Working Drawing Development and Tender Documentation preparation including cost estimates

Why Landscape Planning Ltd.?

- Career growth and professional development opportunities
- Collaborative opportunities to work in small, project specific teams with a wide variety of clients, project types, scales and budgets
- Competitive Salary commensurate with experience and health and wellness allowance
- Paid Professional Dues
- Flexible work hours

For consideration in this role, please submit your resume to Sharon Leung using the information below. If you have any questions or would like more information about the position, please contact us at 905.669.6838.
