

This Opportunity

The B+H planning, Urban Design and Landscape Architecture team is looking for a **Senior Landscape Architect** to manage CAD/Revit base plans, working drawings and presentation graphics for landscape and planning projects. The candidate will coordinate CAD/Revit drawings files and assist in the design and production of graphic and presentation drawings, using various graphic software applications. Candidates must be detail-oriented critical thinkers that are comfortable in a fast-paced deadline driven work environment.

Key Responsibilities

- Participate and oversee the development of design concept direction through implementation into subsequent production and construction stages.
- Communicate closely with the senior leadership to implement the team vision while working independently on a day-to-day basis.
- Develop modern design concepts, graphics and presentation materials as required.
- Implement technical design and drawing production while keeping current in global design trends and issues.
- Collaborate with other design disciplines within the Toronto studio as well as other B+H studios globally.
- Provide mentoring to promote succession for junior team members.

Skills and knowledge:

- Proficiency in CAD drafting.
- Proficiency in Revit drafting
- Proficiency in presentation graphics software, including Photoshop, Indesign, and Illustrator.
- Proficiency in 3-D modeling programs such as Sketch Up and Rhino.
- Excellent time management and organizational skills
- Strong graphic communication skills
- Experience with grading, construction materials and detailing

Position Requirements

- University degree in Landscape Architecture, preferably at the graduate level.
- Licensed Landscape Architect in Ontario (or eligible for registration) preferred.
- 8-12 years of experience in the professional field, including project management experience with international design practice.
- Strong design conceptualization skills and graphic production skills including 2D and 3D computer rendering.
- Proficiency in presentation graphics software, including Photoshop, and Illustrator.
- Proficiency in 3D modeling programs such as SketchUp and Rhino.
- Proficiency in drafting using Revit and AutoCAD.
- Strong conceptual design knowledge, with strong graphic communication skills including development of hand sketches.
- Excellent written, verbal communication and presentation skills.
- Proven ability to communicate effectively with a geographically and ethnically diverse team.
- Strong and positive leadership and interpersonal qualities.
- Working knowledge of local construction industry and plant materials.
- Ability to work independently and under pressure.
- Detail oriented, efficient, adaptable to changing deadlines and priorities, and work well collaboratively.
- Evidence of a genuine passion for landscape architecture, public spaces and the natural environment.

- Hybrid work arrangements with a combination of working in the friendly Toronto Studio and remotely.
- Competitive pay
- A great employer paid Extended Health & Dental Benefit, Life, and AD&D
- Referral bonus program
- Company's perks/discounts (i.e Goodlife, perkopolis etc.)
- You will be exposed to an open, continuous-learning environment where professional development and career progression is encouraged.
- You will work within a dynamic, driven, high-achieving, close-knit, and fun-loving team.
- And lots of fun studio events

Bold+Human – About Us

B+H is a global, award-winning consulting and design solutions firm. We leverage the core visualization and integration skills of an architecture and design practice to understand and articulate complex data into transformative solutions across a broad spectrum of sectors and services. Founded on a legacy of 70 years of creating bold and inspiring spaces for people, B+H provides core architecture, planning, landscape, and interior design services. Today our team includes 400 curious designers, place makers, strategists, storytellers, and creative human beings who believe in embracing change and challenging the status quo to deliver resilient, healthy environments that make positive contributions to their communities and are characterized by vibrant human experiences. Collaborating across ten studios in Toronto, Vancouver, Seattle, Shanghai, Shenzhen, Hong Kong, Singapore & Ho Chi Minh City, B+H's architects, interior designers, planners, landscape architects, organizational design specialists, experience designers, researchers, analysts, and brand strategists combine strategic thinking, bold design, and advanced technology with the creative human energy of an interdisciplinary, multi-generational team. B+H delivers strategic consulting and high-value design solutions that shape spaces, communities, and economies. At B+H we push the limits of creativity by acknowledging humanity in the creative process. We believe in letting things get a little messy while we let our minds explore the bounds of what's possible. Once we've found something truly new, then we reassemble it into the clean, well-executed project our clients expect from us. Join us if you're willing to try new things, to go bold, and to let the best idea win. If you're willing to stretch yourself and you want to create something that's never existed before, we want you.
