

This Opportunity:

The B+H planning, urban design and landscape architecture team is looking for an intermediate Landscape Architect to manage CAD/Revit base plans, working drawings and presentation graphics for landscape and planning projects. The candidate will coordinate CAD/Revit drawings files and assist in the design and production of graphic and presentation drawings, using various graphic software applications. Candidates must be detail-oriented critical thinkers that are comfortable in a fast-paced deadline driven work environment.

Key Responsibilities:

- Participate and oversee the development of design concept direction through implementation into subsequent production and construction stages.
- Collaborate with other design disciplines within the Toronto office as well as other B+H offices globally.
- Efficient in the preparation of base plans using surveys, architectural and engineering drawings.
- Ability to construct and administer CAD drawings in accordance with office standards.
- Efficient in the preparation of layout, grading and planting plans including construction details using Revit and CAD.
- Develop modern design concepts, graphic and presentation materials as required.
- Implement technical design and drawing production as required. Keep current in global design trends and issues.
- Provide mentoring to promote succession for junior team members.

Skills and knowledge:

- Proficiency in CAD drafting.
- Proficiency in Revit drafting
- Proficiency in presentation graphics software, including Photoshop, and Illustrator.
- Proficiency in 3-D modeling programs such as Sketch Up and Rhino.
- Excellent time management and organizational skills
- Strong graphic communication skills
- Experience with grading, construction materials and detailing

Position Requirements:

- Relevant University degree in Landscape Architecture. Graduate degree preferred.
- 5-10 years professional office experience
- Positive attitude and strong work ethic
- Proven ability to communicate effectively with a geographically and ethnically diverse team.
- Have the ability to work independently and under pressure.
- Have a passion in modern design and presentation graphics.
- Have an interest in professional development including sustainable design and LEED.
- Good written and verbal communication skills
- Revit Certified Profession Preferred.

- And lots of fun studio events

Bold+Human – About Us

B+H is a global, award-winning consulting and design solutions firm. We leverage the core visualization and integration skills of an architecture and design practice to understand and articulate complex data into trans-formative solutions across a broad spectrum of sectors and services. Founded on a legacy of 70 years of creating bold and inspiring spaces for people, B+H provides core architecture, planning, landscape, and interior design services. Today our team includes 400 curious designers, place makers, strategists, storytellers, and creative human beings who believe in embracing change and challenging the status quo to deliver resilient, healthy environments that make positive contributions to their communities and are characterized by vibrant human experiences. Collaborating across ten studios in Toronto, Vancouver, Seattle, Shanghai, Shenzhen, Hong Kong, Singapore & Ho Chi Minh City, B+H's architects, interior designers, planners, landscape architects, organizational design specialists, experience designers, researchers, analysts, and brand strategists combine strategic thinking, bold design, and advanced technology with the creative human energy of an interdisciplinary, multi-generational team. B+H delivers strategic consulting and high-value design solutions that shape spaces, communities, and economies. At B+H we push the limits of creativity by acknowledging humanity in the creative process. We believe in letting things get a little messy while we let our minds explore the bounds of what's possible. Once we've found something truly new, then we reassemble it into the clean, well-executed project our clients expect from us. Join us if you're willing to try new things, to go bold, and to let the best idea win. If you're willing to stretch yourself and you want to create something that's never existed before, we want you.
