

The Planning and Landscape team at B+H is currently seeking a Senior Urban Designer to join our team in the Toronto office. The successful candidate will be responsible for design and management of a variety of urban design and master planning projects both locally and internationally. They will shape urban design ideas, manage project budget and timeline, and produce deliverables in close collaboration with design principal and project team. They will play a key role in our growing team and should be able to take the initiative to deliver results efficiently.

### **Key Responsibilities**

- Client relations, consultant coordination, and project management for a variety of Urban Design and master planning projects.
- The ability to undertake internal and external communication and correspondence.
- Project organization, scheduling, and budget control.
- Travel to work assignments outside Toronto; may involve some international travel.
- Collaborate with other design disciplines within the Toronto office as well as other B+H offices globally.
- Strategic understanding of global design trends and issues.
- Participates and oversees the development of design concept direction through deliverable implementation.
- Report and proposal layout and production.
- Develop planning concepts, graphics and presentation materials as required.
- Project Management of large-scale multi-faceted projects as required, collaborating with numerous teams in multiple locations.
- Creation of hand and computer-generated presentation drawings or computer models.
- Managing project teams.
- The ability to structure and facilitate public engagement processes.

### **Position Requirements**

- Bachelor of Architecture, Landscape Architecture, Master of Urban Planning / Urban Design or equivalent.
- Minimum of 10 years of design & project management experience for large scale urban design and planning projects.
- Must be experienced in local municipal approval processes and requirements.
- Experience with management and coordination of project stakeholders, and sub-consultants.
- Strong leadership and interpersonal skills.
- Strong organizational and time management skills.
- Effective verbal and written communication skills.
- Strong presentation and visualization skills. Ability to narrate ideas through hand/computer graphics and visual storytelling.
- Strong urban design skills and knowledge of best design practices.
- Ability to perform in a multi-disciplinary team environment.
- Excellent proficiency in AutoCAD, Rhino, SketchUp, Adobe Suite (Illustrator, Photoshop, InDesign), ArcGIS, MS Office etc., with an aptitude to learn new digital tools.
- Knowledge of computational urban design techniques is preferred.
- Knowledge of Revit is preferred.

- Referral bonus program
- Company's perks/discounts (i.e Goodlife, perkopolis etc.)
- You will be exposed to an open, continuous-learning environment where professional development and career progression is encouraged.
- You will work within a dynamic, driven, high-achieving, close-knit, and fun-loving team.
- And lots of fun studio events

## **Bold+Human – About Us**

B+H is a global, award-winning consulting and design solutions firm. We leverage the core visualization and integration skills of an architecture and design practice to understand and articulate complex data into trans-formative solutions across a broad spectrum of sectors and services.

Founded on a legacy of 70 years of creating bold and inspiring spaces for people, B+H provides core architecture, planning, landscape, and interior design services. Today our team includes 400 curious designers, place makers, strategists, storytellers, and creative human beings who believe in embracing change and challenging the status quo to deliver resilient, healthy environments that make positive contributions to their communities and are characterized by vibrant human experiences.

Collaborating across ten studios in Toronto, Vancouver, Seattle, Shanghai, Shenzhen, Hong Kong, Singapore & Ho Chi Minh City, B+H's architects, interior designers, planners, landscape architects, organizational design specialists, experience designers, researchers, analysts, and brand strategists combine strategic thinking, bold design, and advanced technology with the creative human energy of an interdisciplinary, multi-generational team. B+H delivers strategic consulting and high-value design solutions that shape spaces, communities, and economies.

At B+H we push the limits of creativity by acknowledging humanity in the creative process. We believe in letting things get a little messy while we let our minds explore the bounds of what's possible. Once we've found something truly new, then we reassemble it into the clean, well-executed project our clients expect from us. Join us if you're willing to try new things, to go bold, and to let the best idea win. If you're willing to stretch yourself and you want to create something that's never existed before, we want you.
